Introduction

The Association of Asian Confederation of Credit Unions is the regional networking body for credit unions in the Asia region. Its mission is to work in partnership with its member organizations (apex body of credit unions) to promote and strengthen credit unions as effective instruments of socioeconomic development of people in Asia.

Since inception on April 28, 1971, ACCU has been truly committed to its vision of developing a Sustainable Credit Union system in Asia.

As of June 2012, ACCU has 12 regular members, 1 associate member, 21 Affiliate members and 46 supporter members from 26 countries.

A team of Competent human resources carries out the implementation of work plan under each of the following divisions: Planning and Development, Member Services, Promotion, Marketing and Research, Business Development, and Support Services.

As a regional organization of credit union leagues and federations, representing 26 countries in the Asia region, ACCU has a unique and diverse skill in the development of, promotion of, and strengthening of credit unions in different stages of development.

As a private sector financial intermediaries, credit unions play significant roles in urban and rural financial markets. In line with this, ACCU's credit union approach primarily focuses to effect substantial contribution to the socioeconomic growth of Asian nations in the region.

By expanding its role and improving its public image, credit unions have become reliable and sustainable community based financial institutions bringing financial services to people not generally served by the formal sector.

The plan has only three goals:

- 1. Growth of the movement.
- 2. Competitiveness of credit unions in Asia,
- 3. Sustainability of ACCU.

Strategies are addressing the needs of credit unions enabling them adopt innovation increasing their market share. Among the strategies identified are:

- ✓ Need Based & competitively packaged Products Strategy
- ✓ Repositioning Strategy as a "Trusted Wealth Management Advisor"
- ✓ Customer Relationship Management (CRM) Strategy
- ✓ Market Segment Targeting Strategy
- ✓ Reaching Out Strategy
- ✓ Credit Union Monitoring Standardization Strategy

- ✓ Changing Leadership Competency Strategy
- ✓ Connectivity/Convenience Strategy & Branding Strategy

The plan entitled Fostering Cooperation and Innovation for Asian Credit Unions Growth and competitiveness stands for the entirely of the plan. ACCU recognizes that there is an urgent need for a sweeping commitment for cooperation to bring far-reaching growth changes in Asian Credit Unions.

The annual Statistical report is tool to monitor the growth and development for credit unions. This report is the consolidation of the statistics of member countries as of December 2011.

Vision and Mission

Our Vision

"Sustainable Credit Unions in Asia"

We believe that ACCU's primary purpose is to ensure credit unions are continually providing affordable financial services to their members. To perform its purpose, credit unions have to achieve financial viability, operational efficiency, member-customer and employee satisfaction, competitive position, knowledgeable and involved boards of directors and quality products & services. ACCU's value added services to members are all directed toward the shared vision

Our Mission

ACCU works in partnership with its members to strengthen and promote credit unions as effective instruments for socio-economic development of people.

International Cooperative Principles

Statement on the cooperative identify

Definition

A cooperative is an autonomous association of person united voluntarily to meet their common economic, social, ad cultural needs and aspirations through a jointly-owned and democratically-controlled enterprise.
